

# Reconditioned Engine Limited Warranty

REC (a.k.a. Reconditioned Engine Center) warrants to the original purchaser that each engine sold shall be free, under normal use and periodic maintenance as set forth by the original manufacturer, from any defects in material and workmanship subject to the following terms and conditions:

**1) Engine:** As used herein, the term shall mean an engine supplied by REC of the same original manufacturer and application as that delivered by the owner-user directly to REC or its point of installation or point of retail sale.

**2) Terms:** Warranty shall exist for twelve (12) months, unlimited miles. Additional years may be purchased for an amount of \$99.00 per year up to 3 years Trucks over 11,000 GVW have a warranty term of six (6) months or 6,000 miles, whichever occurs first.

Motor homes are not covered.

a) Product replaced under warranty: Any product replaced for warranty purposes will be warranted through the original product's warranty term only. This term begins upon the original product's installation date and applies to the original product's warranty mileage term.

**3) Standards:** Subject to limitations listed herein, REC, at its option, shall repair or replace an engine within the warranty term after determination by REC that the product is defective. All products are to be returned to REC for inspection. Products not returned to REC will not be warranted. Only the engine itself is covered by this warranty: no labor costs are provided for to either replace or repair an engine determined to be warrantable, unless REC's optional reconditioned engine protection plan has been purchased.

(See below)

**4) Limitations:** This warranty applies only to the basic engine longblock and internal parts of the engine.

This warranty shall not apply to or include any of the following:

a) Repair or replacement required as a result of any accident or misuse.

b) Repair or replacement of any engine accessory or service item, including specifically without limitations, all components of the cooling, fuel, electrical and engine control system and all points, plugs, oil filters and belts.

c) Any engine used for competition racing or related purposes.

d) Any REC engine which has been repaired or remodeled by any person other than an authorized dealer, or to which any

device or accessory not conforming to original manufacturer's specifications has been installed.

e) Any engine on which the periodic maintenance services required by the original manufacturer have not been performed.

f) Warranty does not apply to any engine damage as a result of over-heating or lack of lubrication.

g) Warranty does not apply to engine damage resulting from preignition or detonation. This includes, but is not limited to, melted

or broken pistons, broken piston rings, damaged cylinder heads, etc. . .

## **5) Additional Limitations and Customer Obligations:**

a) **Important:** Oil & filter must be changed after the first 600 miles of service.

b) **Warning:** On start-up: Readjust valves to manufacturers specifications after initial test drive, if applicable. Failure to perform these operations voids warranty.

**6) Limited Liability:** The liability of REC under this warranty is limited solely to the repair or replacement of defective parts or workmanship. REC shall not be liable for any labor costs, incidental, special, consequential, or exemplary damages, or for any service not expressly provided for herein, relating to or arising from the REC engine. Warranty is non-transferable.

**7) Limited Warranty:** This warranty is given in lieu of all other warranties, expressed or implied, including any warranty of merchantability or fitness for a particular purpose, on the part of REC or the dealer selling or installing the engine. No dealer, nor any agent or employee thereof is authorized to extend or enlarge this warranty.

**8) Optional Reconditioned Engine Protection Plan:**

a) Labor reimbursement available from startup through 365 days of operations. An amount of \$99.00 will be added to the exchange price of the engine and will enable customer to submit billing and request labor reimbursement.

b) The reconditioned engine labor protection plan may be purchased from date of invoice up to 30 days after invoice date, but will not cover any pre-existing problem.

c) All labor expense shall be determined from hours listed in "Mitchell Labor Guide" at a rate not to exceed \$42.00 per flat rate hour.

d) All labor payments are pending inspection of the "defective" parts and labor coverage is valid only if repairs are performed at a licensed repair facility. No "do it yourself" labor coverage is implied or offered by REC.
